

Imagine...

an oasis,
a refuge,
an escape,

OUTSOURCE YOUR GIFT SHOP

VISION A hospital gift shop is more than a flood of jewelry and candles; it's an oasis. **FOR PATIENTS**, the gift shop is a nook built to inspire and refresh a spirit. **FOR EMPLOYEES**, it's a spot to take a break and see a product selection not offered anywhere else. **FOR VISITORS**, it's a chance to snag the perfect memento to make a loved one smile. For those who enter, the gift shop experience should be so remarkably liberating that it strengthens a hospital's brand.
